VIRTUAL PROGRAMMING

Boys & Girls Clubs of Delaware College Awareness and Planning (CAP) Program is offering online College Planning Sessions to High School teens via online video conferences to explore and plan for college along with giving guidance for paying for college.

CLUB SPOTLIGHT

Delaware's First Lady, Tracey Carney, and Senator Richardson visited our Seaford Club for a no-contact tour of our kitchen to show their appreciation for the community service work being done to help feed Delawareans during the COVID-19 crisis. We appreciate the support of the local leaders of our new self-prep kitchen CAFE@Boys & Girls Clubs of Delaware project.

STAYING CONNECTED

Our Club Directors and staff are staying connected with their Club kids daily by using the One Call system to check-in. Also, informing parents of program activities and using various social media channels to communicate activities. In such an uncertain time, we are thankful that our staff can aide in providing some normalcy for our kids and continue to support the school system.
